

Welcome

Congratulations on becoming a CalFresh outreach partner! First and foremost, thank you for your interest in helping to encourage the County's most vulnerable individuals and families to **#ChooseCalFresh!** Thanks to you, we are now able to create amazing change in the lives of millions of Los Angeles County residents. CalFresh helps individuals and families increase their food purchasing power, and puts healthy and nutritious food on their tables!

CalFresh also helps to improve the economy of Los Angeles County, and the entire state of California! CalFresh, formerly known as Food Stamps in California, and known federally as the Supplemental Nutrition Assistance Program (SNAP), is the cornerstone of the nation's nutrition safety net. Every \$5 in CalFresh benefits generates \$9 in local economic activity, and can lead to an increase in the number of jobs. Benefits are spent in local grocery stores, and that helps support local retailers throughout Los Angeles County!

Based on 2015 Census data, 1 in every 3 individuals whom are potentially eligible to receive CalFresh benefits in Los Angeles County, are not receiving it. You may be asking "Why aren't they applying for benefits?" A United States Department of Agriculture (USDA) report identified 19 studies that asked eligible households why they did not participate, and the major reasons reported were:

- Being unaware of SNAP or how to apply.
- Thinking they would not be eligible.
- Wanting to avoid dependence on government assistance.
- Thinking the SNAP application or participation requirements are too burdensome.
- Feeling social stigma associated with SNAP participation.
- Believing that receiving government assistance would have a negative effect on their citizenship opportunity.

Please Use this #ChooseCalFresh Toolkit to Help Us Enroll New Customers!

As an outreach partner, you can help to educate Los Angeles County residents about CalFresh, and help those who are eligible to CalFresh apply for it. CalFresh Factsheet

This 1-page factsheet provides an overview of the CalFresh Program, which includes information about application processing time, income threshold, and resources. Additionally, it informs the customer about the different ways they can apply for benefits, as well as DPSS contact information if they wish to receive more information.

CALFRESH PROGRAM FACT SHEET

WHAT IS THE CALFRESH PROGRAM?

The new name for California's Food Stamp Program is "CalFresh." This name change is a result of a recent State law. The purpose of this program is to promote and safeguard the health and well-being of low-income households by increasing their food purchasing power and raising their levels of nutrition.

In California, the monthly CalFresh benefit is transferred to the household's Electronic Benefits Transfer (EBT) card, known as Golden State Advantage Card, and is issued when the household's CalFresh case is approved.

WHO CAN GET CALFRESH?

Individuals or households whose income is low enough and meet other eligibility factors, can get CalFresh benefits. U.S. citizens, legal residents, and some qualified immigrants may receive CalFresh benefits. In California, beneficiaries of the Supplemental Security Income / Supplemental Payment Program (SSI / SSP) will be potentially eligible to receive CalFresh benefits as of June 1, 2019.

APPLICATION PROCESSING AND EXPEDITED SERVICE

CalFresh applications are processed within 30 days. In emergency situations, a household may receive CalFresh benefits within three days from the date of their CalFresh application. It is DPSS policy to issue expedited CalFresh benefits on the day of application, whenever possible. The household must meet specified conditions which would render the household's situation emergent (e.g., monthly gross income is less than \$150 and with less than \$100 on hand).

HOW MUCH CALFRESH BENEFITS CAN A HOUSEHOLD RECEIVE?

The amount of CalFresh benefits depends on the household size and income. The less income a household receives, the more CalFresh benefits a household can receive.

If a household has this many members ...	1	2	3	4	5	6	7	8
And makes less than this each month ... (gross income limit)	\$2,024	\$2,744	\$3,464	\$4,184	\$4,904	\$5,624	\$6,344	\$7,064
The household could receive up to this much in benefits:*	\$192	\$353	\$505	\$642	\$762	\$914	\$1,011	\$1,155

* Actual amount depends on household's specific case situation (Amounts Effective October 1, 2018 through September 30, 2019)

ELDERLY AND DISABLED HOUSEHOLDS

The gross income limit is not used to determine eligibility for households that contain an elderly and/or disabled member. Instead, the net monthly income limit (gross income minus applicable deductions) is used to determine eligibility.

RESOURCES

Effective February 1, 2011, resources such as money and property are no longer counted when determining CalFresh eligibility. If a household is applying for cash aid (CalWORKs, General Relief or Cash Assistance Program for Immigrants [CAPI] or Non-MAGI Medi-Cal) resources will be counted for those programs.

HOW MANY PERSONS ARE RECEIVING CALFRESH IN LOS ANGELES COUNTY?

Currently, the Department of Public Social Services provides CalFresh benefits to over 1.1 million individuals in Los Angeles County.

CalFresh Outreach Geocoding Project: Los Angeles County

Prepared by the California Department of Social Services (CDSS)
Research Services Branch (RSB)

I. DATA SOURCES

To measure CalFresh participation in Los Angeles County, the following sources were used:

Data	Source
CalFresh recipients & other point-in-time data for geocoding	Medi-Cal Eligibility Systems (MEDS)
Poverty Data	American Community Survey (ACS five-year summary file for 2012-2016 (Table C17002: Ratio of Income to Poverty in the Past 12 Months)
Eligibility Data	ACS five-year summary file for 2012-2016 (Table S1601 Language Spoken at Home)

II. METHODS

We obtained data on a total of 1,059,326 persons who received CalFresh in June 2017 with an address in one of 284 zip codes in Los Angeles County. Of the total, 5,901 addresses were P.O. Box, General Delivery addresses, or were listed with an address of “homeless”; these were not geocoded. Of the 1,053,425 addresses that were geocoded, no match was found for 15,435 addresses (1.5% of total).

Geocodable data on CalFresh recipients and SSI recipients from MEDS were combined with ACS 5 year (2012-2016) poverty and eligibility files and used to estimate CalFresh participation rates, or the Program Reach Index (PRI). Using data on households in which children receive CalFresh benefits but adults do not, the number of persons who cannot receive CalFresh due to their citizenship status can be estimated and removed from the PRI calculation. This child-only methodology produces a truer measure of CalFresh participation among eligible individuals.

Child-only Method:

$$PRI = \frac{\text{CalFresh Recipients} - \text{Disaster CalFresh Participants}}{\text{Pop} < 130\%FPL - (SSI + p) - (94\%ChildOnlyHlths + 1.7\%) - (94\%ChildOnlyHlths + 1.24) - Intelig children}$$

The resulting data were used to create two interactive web maps, one at zip code level and the second at city level. We included a how to guide for using the maps (page 5) which allows you to map fields other than PRI. Click a zip code or city to see mapped values.

Lastly, we have added a data dictionary and margins of error for poverty and language data. The margins of error can be used to assess the reliability of the point estimates used in PRI calculations.

III. DATA LIMITATIONS

The reliability of this data is sensitive to the accuracy of the address information in MEDS and of ACS estimates of the number of individuals below 130 percent of the federal poverty level at the selected geographic level.

Becoming a CalFresh Application Assister

With excellent customer service in mind, it is crucial to have individuals like you trained to enroll customers who are eligible to the CalFresh program. Not only are CalFresh Application Assister (CAA) trusted members of their communities, but they know the needs of the community. You are the missing link between DPSS and customers who are a.) unaware of the CalFresh program in Los Angeles County, and b.) unaware that they are eligible to the program.
